Subject: Conoco announcement

ConocoPhillips Alaska, Inc. has pledged $15 million to support science and engineering programs at the University of Alaska Anchorage (UAA). This gift is the largest the company has ever made in Alaska and is also the largest single corporate gift that the University system, including UAA, has received.

In honor of this pledge, and in recognition of the $20 million dollars in unrestricted support that ConocoPhillips has contributed to the University of Alaska since 1999, UAA¹s new Integrated Science Building will carry ConocoPhillips¹ name. Four million dollars of this gift will fund equipment for the state-of-the-art ConocoPhillips Integrated Science Building which is due to open its doors in fall of 2009; $11 million will establish the ConocoPhillips Arctic Science and Engineering Endowment.

Attached is a press release with complete details.

Sincerely,

Kristin DeSmith

Subject: Design & Construction of Water and Sewer Facilities--$1,556,706--and Old Village Master Plan &Explor

Honorable Sarah Palin,

Thanks for your leadership and a successful legislative sessions. We're grateful our legislatures successfully appropriated some capital projects budget and we're even more grateful Manokotak was included.

Our community has been growing and along with our need for better water and sewer service of thirty years. Community residents have been very supportive of our Water and Sewer Service by faithfully making their monthly utility payments on top of their high energy bills (Fuel and electricity). Manokotak is a subsistance and a commercial fishing community so some are able to pay off all or some of it after fishing. Some from Native arts and craft sales who aren't employed and some depend on an assistance from the State, too, and I'd like to thank you on behalf of my community.

Manokotak City Water and Sewer has served the "old Village" for thirty years and the new Manokotak Heights 6 miles away since the 80's.

The sewage lagoon in the new housing needs to be enlarged due to the housing growth and the "old village" well water-level is getting worse by each year .Might be due to climate change. The water and sewer lines are thirty years old in the "old village" and need to be replaced.

When I received a "good news " letter in the mail of capital project for our city there was a sewage back flow in the same house as last year but didn't include our new health clinic as it did. A water service box was squirting when it warmed up from another house. Thirty year old system we sure need to upgrade it. Comments like, " when I tried to unscrew a copper tubing fixture under the sink it fell into pieces, it was all corroded."

One house burned due to a corrosive heat tape, lucky no one got burned.

It's better to give you facts of what we are experiencing and we do need your support.

On behalf of our community,

Mayor Sharp

Subject: May 1 Bill Signing Info

Governor,

Here is all the info on tomorrow's event, as well as your remarks. Kris will hand-deliver your briefing packet to you tonight. The seniors are very excited to see you at the event – one, a retired nurse and professing Democrat, said she loved you so much, she even voted for you☺

A few things to be aware of:

1. The Senior Center will be presenting you with a gift at the end of your speech, and I suspect it was made by seniors. So linger a little, as it may take them a little extra time to make it to the podium☺
2. You will be leaving the event before its conclusion (it is a TWO HOUR LONG EVENT), and the event sponsors are aware and very much understand. They will explain at the beginning of the event that you, Commissioner Jackson, and Mayor Begich will all be leaving after your remarks are finished.
3. My suggestion is that you open the gift in front of the seniors, thank them, and then exit the room to your left, shaking seniors' hands as you pass by. You should be able to get in and out, especially as Mayor Begich is speaking directly after you; the seniors are SO excited that you're coming.

That's all for now. Please let me know if you have any questions or if I can be of further assistance. Thanks!

Subject:	Letter Received Today, Wed., 04.30.08 - Speaker Harris

Governor - We just were delivered the following letter from Speaker Harris. We have put the letter into the body of the email with the signed letter attached.

April 30, 2008

Dear Governor Palin:

Thank you for your letter of April 18 inviting the Legislature to attend three days of presentations by members of your gas pipeline team on May 28-30 in Anchorage. We truly appreciate your interest in getting substantial information and data in the hands of legislators in advance of any decision we will be called upon to make in regard to AGIA.

As you know, the series of presentations you have scheduled wraps up a mere three days before we are called to convene in Juneau in special session on this same subject. In light of this short timeframe, I have determined that it would not be prudent to pay travel and per diem for House members to come from outside Anchorage to attend the presentations. I believe it would be a more appropriate use of state resources to simply have the members attend the presentations once they begin in Juneau after we convene on June 3. So I am requesting that you have your AGIA group make the same presentation to the House during the first four days of the special session when all the members will be in Juneau. If members living in the Anchorage or Mat-Su area want to take the Anchorage presentations, I would certainly encourage them to do so.

I am looking forward to working with you and your gas pipeline team as we move forward on the AGIA process. It is imperative that we do all we can to support any and all proposals that can realistically lead to the construction of a viable gas pipeline to commercialize our North Slope natural gas resources - Alaska's economy depends on it.

Please let me know if you have any questions regarding this policy decision, or if I can do anything else to help you prepare for a successful special session.

Sincerely,

Rep. John Harris

Speaker of the House

Subject: Glen Biegel and Mr. Minery

Dear Governor Palin and Mr. Tibbles,

I just finished a meeting with Mr. Biegel and Mr. Minery of the Alaska Family Coalition on the home school and state funding issues. Mr. Tibbles, I let them know you were sorry you could not attend today as planned. Mr. Biegel and Mr. Minery are not happy with the Nordstrand memo and the Board of Education proposals which say that state certification of religious materials that meet secular content guidelines is not permitted. They believe the Dept. of Law is wrong. They believe they can generate a contrary legal opinion and are willing to get one at their own expense. I said that I would be happy to review another opinion and compare it internally with my staff for a reassessment. They said they could get it to me. They will be seeking a national attorney that works for the Family Coalition. I said I could promise no changes in our policy but that I would be happy to compare and consider whether changes were appropriate after I had seen a contrary opinion.

The meeting was friendly enough, however, Biegel and Minery both made a point of stating that they were from groups representing thousands of voters who are keenly focused on this issue.

I said I had to do my best to maintain the integrity of the department as an institution that tries to follow the law consistently and not because it is popular and they seemed to respect that concept. However, they clearly do want a change. I will take any new opinion and form a committee of staff to revisit the issue and then advise you if we are going to alter our position.

Talis

Governor,

You do NOT have a scheduled speaking role at tomorrow's troop welcome home event, but just in case, here are some speaking points for you. I will make sure you get a printed copy of these before the event. Thanks!

Kate

* I am so proud of the Soldiers of Bravo Company, 297th Support Battallion

* You have shown incredible courage in the face of the enemy... during the most dangerous deployment of the Alaska Army National Guard

* You have made a strong impact on the security of the area and provided hope for local Iraqis in the fashion only Alaskans can display

* The numbers are impressive: 4 Bronze Stars for Valor, 21 Bronze Stars for Service, 2 Army Commendation Medals for Valor, 62 Army Commendation Medals for Service, 6 Purple Hearts, and 79 Army Achievement Medals for Service

* To rack up such an impressive resume shows there is much more that took place that has not been formally recognized to achieve such recognition... that is what makes Alaskans even more proud of you.

* You worked as a team, you are professionals, and you have made us proud.

* Thank you for all that you have done, and for the sacrifices you and your families have made in order to secure our freedom and safety.

* Welcome home Soldiers of Bravo Company, 297th Support Battallion.... God Bless you!

Office of the Governor

P.O. Box 110001

Juneau, AK 99811-0001

Dear Governor Palin,

I'm writing to thank you for your efforts to increase funding for pre-kindergarten education this year. As you clearly know, providing high-quality pre-k benefits our children and increases their chances of future success. Supporting state-funded pre-k - even in lean budget times - is a commitment to our children and

an investment in our economic prosperity, and we cannot afford to pass up these opportunities.

Thank you again for your leadership on this important issue. I hope I can continue to count on your support for pre-k in the future. Our children's future demands nothing less.

Sincerely,

Thank you,

Amy Morgan

326 4th St. #1004

Juneau, AK 99801

Subject: UPDATE: Legislation Awaiting Action -- SB 221 sent to governor

The Senate, at 1:45 this afternoon, sent the governor SB 221, the capital budget bill.

The governor has until Friday, May 23, 2008, to sign and line-item veto or veto the bill.

The attached Excel workbook reflects the change.

Just spoke to Michael Hurley. Jim wants to invite the governor to attend a function at Providence tomorrow afternoon from 4:30 to 6:30. A few months ago they made a donation to the cancer treatment center there.

It seems there may be something else, too. It sounded like they were still hoping for a call.

Sent: Wed Apr 30 13:18:13 2008

Subject: Firearms/National Parks and Refuges

As you will note, Secretary Kempthorne is proposing a regulation that would allow visitors to national parks and wildlife refuges to carry firearms if state law permits this.

This proposal will be controversial, but it also enjoys strong support, including from many members of Congress. I would guess that the State would want to be on record in support. Accordingly, you may want to initiate your internal agency process in order to develop comments on the proposed rule.

We would be glad to help further if you desire.

INTERIOR: Proposed gun rule would align federal parks with state laws (04/30/2008)

Eric Bontrager, E&ENews PM reporter

Visitors to national parks and national wildlife refuges would be allowed to carry guns if doing so is permitted in the states those lands are in, according to a proposed rule opened for public comment earlier today.

The proposed rule would allow visitors to possess, carry and transport concealed, loaded and operable firearms in these federal lands, but only in the same manner allowed to

visitors of state parks or state wildlife management areas.

The Interior Department said the proposed rule change is intended to clear up conflicting regulations between states and the federal government that may make it difficult to regulate firearms in these protected lands. In 61 park units that allow hunting, firearms are governed by state laws.

"The safety and protection of park and refuge visitors remains a top priority for the Department of the Interior," Interior Secretary Dirk Kempthorne said in a statement. "The proposed regulations will incorporate current state laws authorizing the possession of concealed firearms, while continuing to maintain important provisions to ensure visitor safety and resource protection."

Kempthorne ordered the department to review its regulations in February after 51 senators sent a pair of letters to the secretary claiming the policies were confusing and could conflict with the Second Amendment rights of gun owners.

Interior's gun rules were established in the 1930s to bar poaching. They were amended in 1983 to allow unloaded firearms to be carried in parks and refuges.

Several park, conservation and law enforcement groups have come out against revisiting the rules, calling it the result of a National Rifle Association-backed campaign to water down such regulations.

"This is purely and simply a politically driven effort to solve a problem that doesn't exist," said Bill Wade, chairman of the Coalition of National Park Service Retirees. "There are no existing data that suggest any public interest to be gained by allowing visitors to parks to possess concealed handguns."

Those groups said the proposed rule would only add to confusion because many national parks and wildlife refuges span multiple states that may have different firearm laws for state-protected lands.

The public comment period on the proposed rule change ends June 30.

Click here <http://www.regulations.gov/fdmspublic/component/main?main=DocumentDetail&o=090000648053d497> to view the proposed rule changes.

MESSAGE:

Dear Governor Palin;

I just read on Baptist Press that you and your husband had new son born to you recently, Trig Paxson Van Palin. Congratulations! I want to commend you for choosing to give life to Trig, when so many have aborted after being presented with the information you were given. I have met several Down Syndrome kids, and they are always such a blessing to me. They seem to always have a smile, and actually seem to have a better outlook on life than most "normal" people do. I pray God blesses you greatly, not just for the choice you made to allow Trig to enjoy life, but because of the statement you made to residents of Alaska, of America, and of the world. All life is precious, and you have now a fifth source of blessing (six, with your husband)in your family. I'm sure that Trig will give you many blessing, and bring many smiles to your face in the years to come.

In Christian love,

Jim Marcus

MESSAGE:

Gov. Palin - Recently I read an article concerning the birth of a downs baby into your family. The article was in reference to you and your husbands stand in the sanctity of life and your seeing this child as truly a gift from God. I would like to commend you on your stand and say how refreshing to see such a stand come from a public official. I pray that one day we will see the barbaric institution of abortion reversed in this country. When high profile officials such as yourself, take both an intelligent and passionate stand for life, it indeed gives me hope that abortion will one day be reversed. If you are ever in and around the state of WV, I offer an open invitation to visit our church and share your testimony on life.

Respectfully,

Don Cherry

Dearest Governor Palin,

I read with great joy the birth of Trig through our fellowship of crisis pregnancy sister centers email link here in N.C. I wanted to say how blessed Alaska surely is, having someone so committed to stand behind what they believe in. Take lots of pictures because he will be grown before you know it and babies do the sweetest things when you least expect it. I will pray for you and your sweet family. Beauty is not in the eyes of the beholder as much as perfection is in the eyes of our Creator, and Trig is both beautiful and perfect to his Creator, not to mention his family. We are all so blessed as moms just to have the awesome privilege to carry them close to our hearts for 9 months...o.k. for a lifetime! Oh how I wish this great state of N.C. had a pro-life governor like you! By the way, God allowed me to open a pregnancy resource and teen counseling ministry in 2008 after being in pregnancy center ministries for eight years. Might I say that our teens need more positive role

models like you. What a joy to share stories of our beautiful babies who have arrived under adverse circumstances. Our young clients need to know the truth about life that is truly life! The story of your little one's birth has made my day, my week!

Blessings to you from our awesome God and Creator,

Sherry Morris

Exec. Director

913-908-2388

MESSAGE:

Dear Sarah: Congratulations to you and your family on the birth of Trig who is most beautiful and adorable!

I live in Edgerton,Kansas (Greater Kansas City Area). I was a resident of Alaska (the Valley & Anchorage) for 11 years, working at the Alaska Native Medical Center, Registered Nurse. I moved back to Kansas as my family lives here. Wanted to make it easier for my children if something happened to me as they are self-employed. I am 65 plus by the calendar, but don't want to admit it and am still working (most think I am 50).

Sarah, several weeks ago I joined the group "Draft Sarah Palin for Vice President". Wear my GOP Button McCain/Palin; my car displays "Draft Sarah Palin for Vice President;" "McCain/Palin".

Jump at every chance to campaign for you, which is usually everyday.Contacts get E-mails from me, also, the 2 talk-radio shows in Kansas City (Darla and Shanin & Parks).

I vision Sarah Palin 4 years as Vice President and 8 years as President, our first woman President.

Sarah, you are the prescription our country needs.

Sincerely and Love to You and Your Family,

Grandma Clara Marie

MESSAGE:

Governor Sarah Palin

Office of the Governor

P.O. Box 110001

Juneau, AK 99811-0001

Dear Governor Palin,

I'm writing to thank you for your efforts to increase funding

for pre-kindergarten education this year. As you clearly know,

providing high-quality pre-k benefits our children and increases

their chances of future success. Supporting state-funded pre-k -

even in lean budget times - is a commitment to our children and an investment in our economic prosperity, and we cannot afford to pass up these opportunities.

Thank you again for your leadership on this important issue. I hope I can continue to count on your support for pre-k in the future. Our children's future demands nothing less.

Sincerely,

Thank you,

Jeannine Vasilie

Subject: Design & Construction of Water and Sewer Facilities--$1,556,706--and Old Village Master Plan &Explor

Honorable Sarah Palin,

Thanks for your leadership and a successful legislative sessions. We're grateful our legislatures successfully appropriated some capital projects budget and we're even more grateful Manokotak was included.

Our community has been growing and along with our need for better water and sewer service of thirty years. Community residents have been very supportive of our Water and Sewer Service by faithfully making their monthly utility payments on top of their high energy bills (Fuel and electricity). Manokotak is a subsistance and a commercial fishing community so some are able to pay off all or some of it after fishing. Some from Native arts and craft sales who aren't employed and some depend on an assistance from the State, too, and I'd like to thank you on behalf of my community.

Manokotak City Water and Sewer has served the "old Village" for thirty years and the new Manokotak Heights 6 miles away since the 80's.

The sewage lagoon in the new housing needs to be enlarged due to the housing growth and the "old village" well water-level is getting worse by each year .Might be due to climate change. The water and sewer lines are thirty years old in the "old village" and need to be replaced.

When I received a "good news " letter in the mail of capital project for our city there was a sewage back flow in the same house as last year but didn't include our new health clinic as it did. A water service box was squirting when it warmed up from another house. Thirty year old system we sure need to upgrade it. Comments like, " when I tried to unscrew a copper tubing fixture under the sink it fell into pieces, it was all corroded."

One house burned due to a corrosive heat tape, lucky no one got burned.

It's better to give you facts of what we are experiencing and we do need your support.

On behalf of our community,

Mayor Sharp

Subject: Re: Press

We have a couple ideas about what the announcement might be. We are drafting responses so we can be ahead of the curve. As soon as we hear for certain we will get with Rosanne and help where we can. Tom

If press needs to grab me for statement on whatever Bowles is announcing today they can catch me at Sheraton - noon - Nurses Appreciation function. Or after that at Click's DOL graduation thing in Palmer. Or spring concert tonight in the Valley.

And pls let me know what they announced.

Governor - I just received a phone call from Jim Bowles office. Mr. Bowles is requesting to speak with you via phone before 9:20 a.m. today, Wed., 04.30.08. They have two announcements that they will be making at 10:00 a.m. and wanted to make sure you knew before the public announcement. Mr. Bowles can be reached via his cell Privileged or we can set up a call for afternoon (but announcement will have been made). Janice

Great quotes in Quinn's AP story this morning on AGIA review reimbursement for leggies. Thank you guys! It's really almost comical that leg leadership would take this angle... Alaskans are aware of some of the junkets taken by leggies on the public dime... this tactic makes no sense and you guys summed it up perfectly with your contributions to Quinn's story. Thank you.

Subject: Password expiration warning

The password for SOA userID 'govsp' expires Thursday May 8th, 2:34 PM.
In most state agencies, this is not the userID and password used to logon to individual computers. The password can be changed using the SOA Password Change page or Outlook Web Access.
Your new password must be at least eight characters long and include at least three of these four types of characters:

- upper case alphabet
- lower case alphabet
- numbers
- punctuation or symbols

Prior passwords may not be re-used.

Important Note! - Web browsers, email clients, handheld email devices and other applications can store and continue to use an old password after it has been changed, possibly triggering lockout. Such applications should be closed while (or immediately after) changing a password. These stored passwords may need to be updated or deleted.

Please contact your local or departmental support technicians with any questions or requests for assistance related to changing passwords.
